ADMINISTRATIVE
RECORD

RE: Notification of Hazardous Waste Activity
EPA ID Number: COR 00 000 4721

FILE PLAN
2.08.03

Dear Peter D. Stevenson:

This letter is to inform you of receipt by the Hazardous Materials & Waste Management Division, Colorado Department of Health, a Notification of Hazardous Waste Activity (EPA Form 8700-12) has been submitted by your company for the following:

One Time Only Generator

In accordance with state regulations, the EPA ID Number listed above has been assigned to the following location: (Future correspondence should include this number.)

600 W. County Line Rd.
Littleton, CO 80165

Any change in location would require a new Notification of Hazardous Waste Activity (EPA Form 8700-12) be filed, as EPA ID Numbers are location specific. Failure to have an EPA ID Number for a new location or use of the wrong EPA ID Number in shipping hazardous wastes may result in Enforcement Action under the Colorado Hazardous Waste Act (Sections 25-15-308 through 310, C.R.S.). If any of the following change, notify this office in writing at the above address: 1) mailing address; 2) name of facility; 3) generator status; 4) contact name, ownership or phone number; 5) type of waste generated; 6) site is closed.

Please be aware that the handling and management of hazardous waste, including the generation, transportation, treatment, storage, and disposal of hazardous waste, is regulated under the Colorado Hazardous Waste Regulations (6 CCR 1007-3) Part 260 through 268; Part 2, 99 and 100.

If you have any questions, or need further information, please contact me at (303) 692-3339.

Sincerely,

Christine Bunning

LAND DISPOSAL RESTRICTION NOTIFICATION

Generator: United States E.P.A. Region 8
EPA ID #: COR 000 004 721 Manifest # NY B721777 5

The waste identified on the accompanying manifest exhibits one or more of the characteristics as set out at 40 CFR Part 261, Subpart C. And is restricted from land disposal under CFR 268.7.

ENTER THE MERECO WASTE CODE AND EPA WASTE CODE(S) AND SUBCATEGORIES (IF APPLICABLE) FOR EACH LINE OF THE MANIFEST AND INDICATE IF THE WASTE IS A WASTEWATER (WW) OR NONWASTEWATER (NWW)

Manifest Line	MERECO Waste Code	EPA Waste Code(s) & Subcategory	WW/NWW
11a	RIE-7G-96	D009-High Mercury > 260 PPM total mercury & inorganic	NWW
11b			
11c			
11d			

For D001 and D002 wastes all underlying hazardous constituents expected to be in the waste must be identified. Check one of the below statements and complete LDR ATTACHMENT 1 if necessary.

☐ The appropriate wastewater or nonwastewater treatment standards are circled on LDR ATTACHMENT 1 for all underlying hazardous constituents present.

☐ There are no underlying hazardous constituents.

Attach any available waste analysis data.

I certify that all information submitted in this and all associated documents is complete and accurate, to the best of my knowledge and information. I further certify that I have reviewed the corresponding state regulations promulgated at 6 NYCRR Parts 371 and 376 as listed on the reverse of this form, and have incorporated those regulations by reference into this LDR Notification Form.
